

Intellobloom

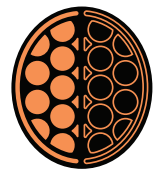

LONGTERM OFFLINE/ONLINE PROGRAM

**XI + XII + NEET 2024**

**The purpose of education is to make good human beings with skill and expertise... Enlightened human beings can be created by teachers.**

**-A. P. J. Abdul Kalam**

## Inspiration

According to the Medical Council of India (MCI), the current ratio of doctors to population in India is 1:1700 whereas the minimum prescribed ratio by WHO is 1:1000 and the same ratio in developed nations like US, UK and Australia is 1:400. There is a 75% shortage of doctors with Postgraduate degrees in hospitals in India. India has barely 8 lacs practising doctors in Modern Medicine. Therefore, there is tremendous scope for students aspiring to be doctors. There is tremendous potential to contribute to the nation socially as well as to earn financially.

## NEET Career Path

There are a host of courses which are accessible to a student via the NEET exam. They include popular courses in Medicine like MBBS, BDS, BAMS, BHMS and BPTH. Besides these, there are exciting courses in Occupational Therapy, Biotechnology, Bioinformatics, Biomedical Engineering, Microbiology and Pharmacy.

## Competition in India

There are about 65000 MBBS seats and about 26000 BDS seats in India in the 450+ Medical colleges of which MBBS seats in Govt. Medical colleges are 25000 and the number of MBBS seats in Maharashtra are around 2400 only. About 12 lac students appear for NEET every year of which 1.5 lac appear from Maharashtra and hence there is stiff competition amongst students to bag the coveted Medical seat.

The 2-years coaching program for NEET is designed by INTELLOBLOOM to lend a competitive edge to students in this era of cut-throat competition.

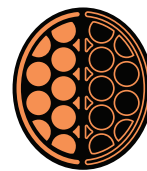

## TOPDOC 2024 Program

- Rigorous coaching in subjects of Physics, Chemistry & Biology
- Specifically designed 1200 hours program in Online & Classroom mode for complete structured coaching for Std XI + XII + NEET 2024 exams.
- Students will be prepared for all Medical Entrance Exams like NEET, JIPMER and AIIMS and XII Boards.

## TOPDOC 2024 Program - Unique Features

### Content Delivery

- 6-days-a-week program delivering engaging Live Sessions by India's Best NEET Faculties.
- Recorded Live Sessions will be provided.
- Digital Class Notes immediately after the Live sessions will be uploaded on the assigned Intellobloom Portal.
- Daily Practice Assignment Sheets will be discussed in the Live sessions.
- Micro Learning Content will be continuously provided to Students on their respective topic.
- Live Doubt Solving Sessions will be conducted.
- Monthly Topic Test will be conducted on Intellobloom Portal.
- Comprehensive Study Material will be provided to Students in the due course of Program.
- Doubt Forum 24X7 will be allotted to students where he/she can post doubts and get answered by experts.
- Student's Monthly Analysis Progress report shall be given to Parents.
- All India Test Series similar to NEET level will be conducted after Syllabus Completion.

## Feedback-Driven Student Decisive Approach

- Faculty Teaching Feedbacks are taken from Students on a monthly basis.
- Students recommendations are recorded on Monthly basis.
- Faculties are changed based on the majority of choices of Students.
- Students are given the topmost Priority in case of Faculty teaching is concerned.

## Personalised Attention

- Students will be assigned a personal mentor throughout the course.
- Students can resolve the doubt anytime 24X7 with the assigned mentor.
- Students' progress will be tracked by the mentor.
- Personalised Feedback will be given to the Student based on progress analysis.

## Career Counselling

- Regular Mediation Sessions will be conducted to help build the cognitive abilities of Students and kindle the Intuitive abilities.
- We provide counselling and guidance from time to time to students during the 2-years program so that they can improve their study efficiency and remain focussed on the TOP DOC-2024 program. If the students feel the need, a one-to-one counselling is organized with senior counsellors at the office or Online.

# Learn Effectively through 3D Animations

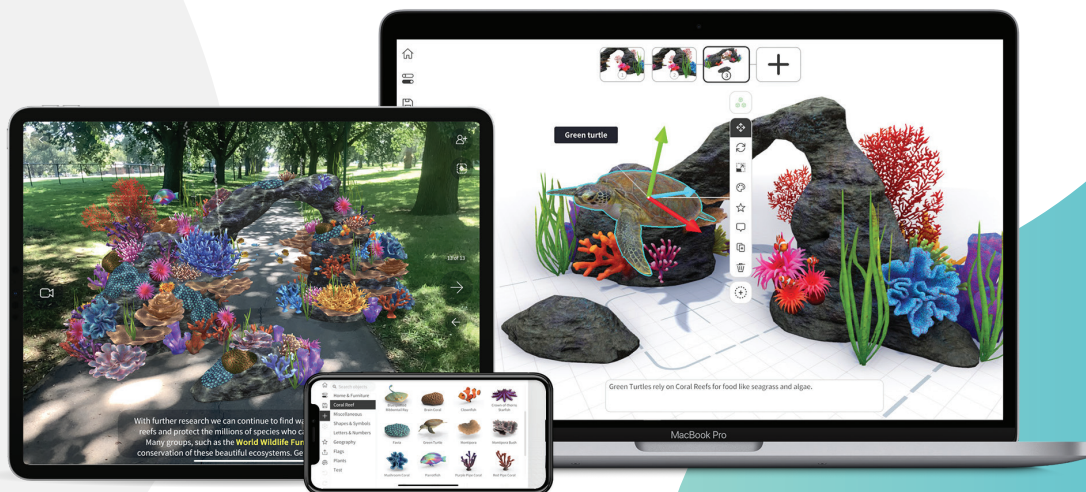

We learn better in 3D!

It's how we experience the world and apply context to knowledge.

In order to understand various complex theories in Physics, Chemistry, Mathematics and their application in real-life scenarios, it becomes essential to encourage students to visualize, evaluate, and analyze a solution for a problem from all angles.

This means that students are encouraged to find the solution to a complex problem by looking at it from different angles.

By using this approach, the students will start thinking out-of-the-box, and embark on a journey of constantly discovering new knowledge and developing their skills with ease.

# INDIA'S FIRST

IntelloBloom

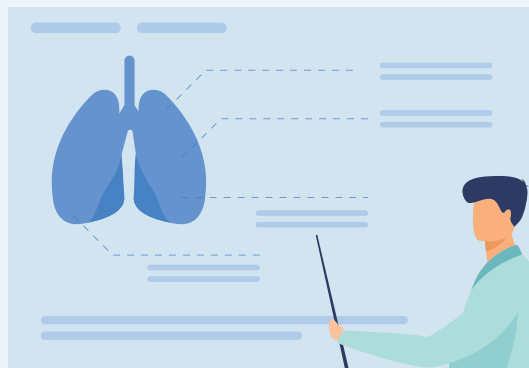

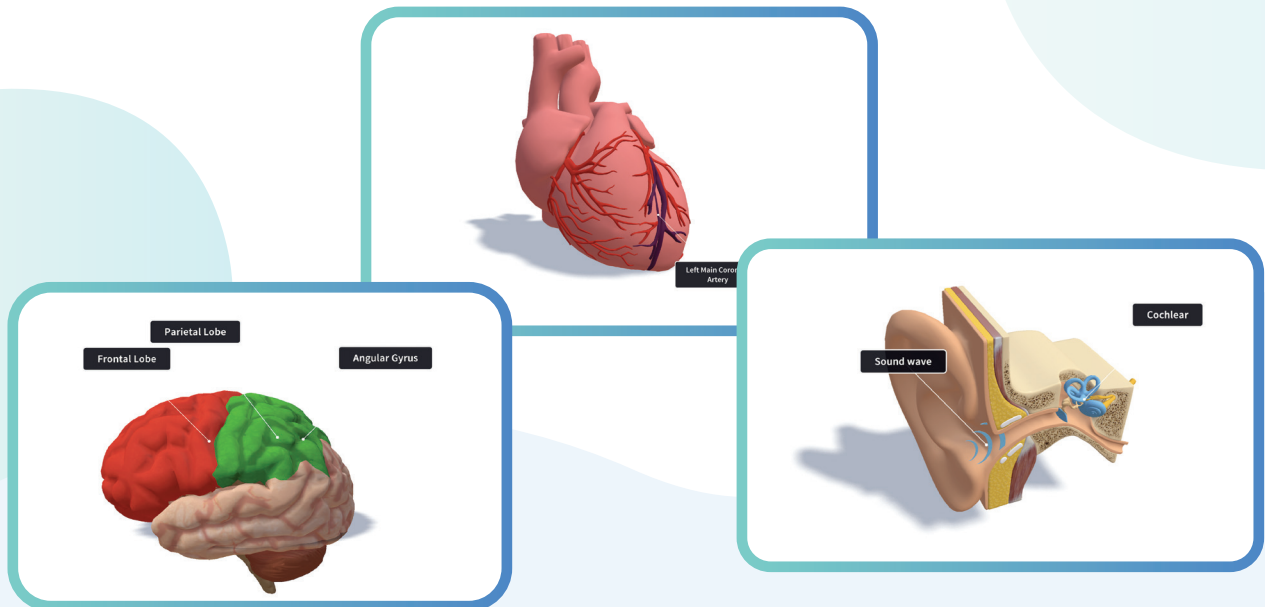

# 3D

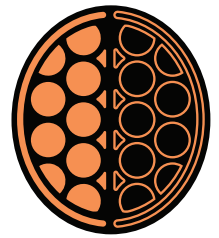

## LEARNING WITH INTELLOBLOOM

Learn NEET-Biology in 3D!

3D models help students visualize complex and abstract concepts in detail.

We teach and create AR contents that are presented in unique three dimensional models. Engaging experiences are exposed to the students in order to help them understand abstract problems. As a result, dull facts are turned into vibrant learning especially in Botany and Zoology.

## Crack NEET smart way with Intellobloom!

### Mr. Gaurav Patil - Physics Faculty

B.TECH - NIT Nagpur

MS - KTH Stockholm, Sweden

MS - TU Berlin, Germany

- 6 years of Teaching Experience (Ex IITPk Faculty)
- 1000+ Students have cracked NEET in Top 1000 AIR
- Innovative way of teaching with Live Animations in Physics

### Mr. Ashish Singh - Chemistry Faculty

NIT Jalandhar

- 5 years of Teaching Experience
- Advised and coached 1000+ students who have selected in AIIMS and top premier institutes in India

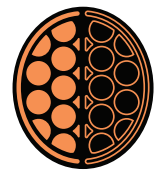

### Ms. Chaitrali Chaudhari - Botany & Zoology Faculty

M.Sc, P.hD (Botany)

- 20 years of rich experience in teaching subjects of Biology.
- Mentored more than 1000 students in her career.
- Innovative style of Teaching using 3D modelling to make student understand the concepts.

## ADMISSION CUM SCHOLARSHIP TEST

In order to take admission into the TOP DOC 2024 program, the student is expected to clear an Admission Test called IQT-2022.

### Online IQT Test format :

- IQT consists of questions on Logical reasoning, Biology, Physics & Chemistry.
- Duration is 90 mins (1.5 hrs) with 45 Multiple Choice Questions (MCQs) of 200 Marks.
- Each Questions :

4 Options

5 Marks each

Only 1 Correct

- Negative Marking : For every Incorrect answer 1 mark will be deducted.

Based on the Marks scored in IQT, you shall be awarded respective scholarships on the Programs which shall be disclosed to individuals by Intellobloom Admissions Team.

## REGISTRATION PROCEDURE

### ONLINE PROCEDURE

OR

### OFFLINE PROCEDURE
